All the way to Zambia!

STICKY KNOWLEDGE

The UK is in Europe and Zambia is in Africa.	In Zambia they use the Zambezi River to wash clothes and dishes, collect water and fish for food.	One of the Global Goals is 'Zero Hunger'
Animals are kept to provide villagers with food.	One of the main crops is maize, which is used for making nshima (a sort of porridge).	Children start school at the age of 7. When they are not at school, they help with the daily chores such as washing, cooking and collecting water.

How is life different in Zambia compared to the UK?

KEY VOCABULARY

Country	A country is part of a continent
Continent	Earth has seven continents. Each continent contains countries that are big and small.
Contrast	Comparing 2 things, discussing the differences.
Mugurameno	A village in rural Zambia.

The outline of Zambia on a map shows a unique butterfly shape of the country.
