

# Our Local Area

## STICKY KNOWLEDGE

|  |   |                                 |
|--|---|---------------------------------|
| More people live in urban areas and less people live in rural areas. | We use maps to get to different places.                                   | Pinner is our local environment |
| A map uses symbols to guide us                                       | Human features are made by humans and natural features created by nature. |                                 |

## KEY VOCABULARY

|                   |   |
|-------------------|---|
| Environment       | The area in which I am in   |
| Human features    | A human feature is an object created by humans, such as houses, bridges and cars.       |
| Physical features | A physical feature is an object created naturally, such as trees, rivers and mountains. |
| Urban area        | An urban area is a busy place with more than 10,000 people.                             |
| Rural area        | A rural area is a quieter place with less than 10,000 people.                           |
