Global Trade - KQ: How did trade get global?

STICKY KNOWLEDGE

Globalisation is when businesses start trading on an international scale	We import and export different foods as some we cannot produce in the UK	There are three stages of production in a supply chain: Primary, Secondary and Tertiary.
The UK exports a variety of different manufactured goods.	Fairtrade is when companies in developed countries give fair prices to producers	One fifth of global trade is in natural resources

IKEA in Saudi Arabia, Middle East

KEY VOCABULARY

Global	Relating to the whole world (worldwide)
Trade	the act of buying and selling goods and services
Import	Bring goods or services into a country from abroad for sale
Export	Send goods or services to another country for sale
Suppliers	A person or organisation that provides something needed such as a product or service

Container ships are used to transport goods all around the world.
